

MEMORANDUM OF UNDERSTANDING

Between

THE EUROPEAN SOCIETY OF AGRONOMY (ESA)

And

THE EUROPEAN SOCIETY OF AGRICULTURAL ENGINEERS (EURAGENG)

Recognizing the fact that ESA and EurAgEng are both professional Associations engaged, inter alia, in Agriculture, Forestry and Rural Environment for Crop and Food Production at international level, it would be of mutual benefit if cooperation were enhanced between them. With this objective, both Organisations agree on the following cooperative measures:

1. Cooperation between the ESA and EurAgEng networking systems.
2. Nomination of representatives and deputy representatives in each other's interested Working Bodies as Observers.
3. Publication of announcements of the cooperating Organizations in their respective media (ESA and EurAgEng Newsletters) on a comparable basis, free of charge.
4. Coordination of common activities in enterprises of mutual interest.
5. Cooperation in the planning and implementation of projects (Research projects, Guidelines, Workshops, Conferences, Training courses, etc..).

The cooperation, according to this Memorandum of Understanding, will start after the signatures of both parties.

Prof John Roy Porter
President ESA
Taastrup, Denmark, September 2003

Prof Daniele De Wrachien
President EurAgEng
Milan, Italy, September 2003
